Atrios

Be the tool founders hear about from people they trust.

Atrios for vendors

WHAT CHANGED

Founders stopped answering cold outreach. Now they ask.

Before a founder picks a bank, a payroll provider or an insurance broker, they ask their investors, their founder group chats and AI. By the time they talk to sales, the shortlist is already made.

THE NEW GAME

The winners get recommended. Everyone else gets ignored.

OLD WAY	NEW WAY
Cold email and LinkedIn sequences	A trusted recommendation
Paid ads to people who aren't buying yet	At the moment they need you
SDRs guessing at timing	A meeting already on your calendar

WHAT ATRIOS MAKES POSSIBLE

The week a founder raises, hires or renews, your name is the one they hear, and the meeting is already booked.

HOW WE GET YOU THERE

Four ways Atrios puts you in front of buyers.

01

Our AI agent

Founders text Atrios for the tools they need. It recommends you by name and books the call.

02

3,000+ tastemakers

Investors, community leaders and operators share you with the founders they advise.

03

Buying triggers

We train our agent on the moments your customers buy and watch for them: raises, first hires, renewals.

04

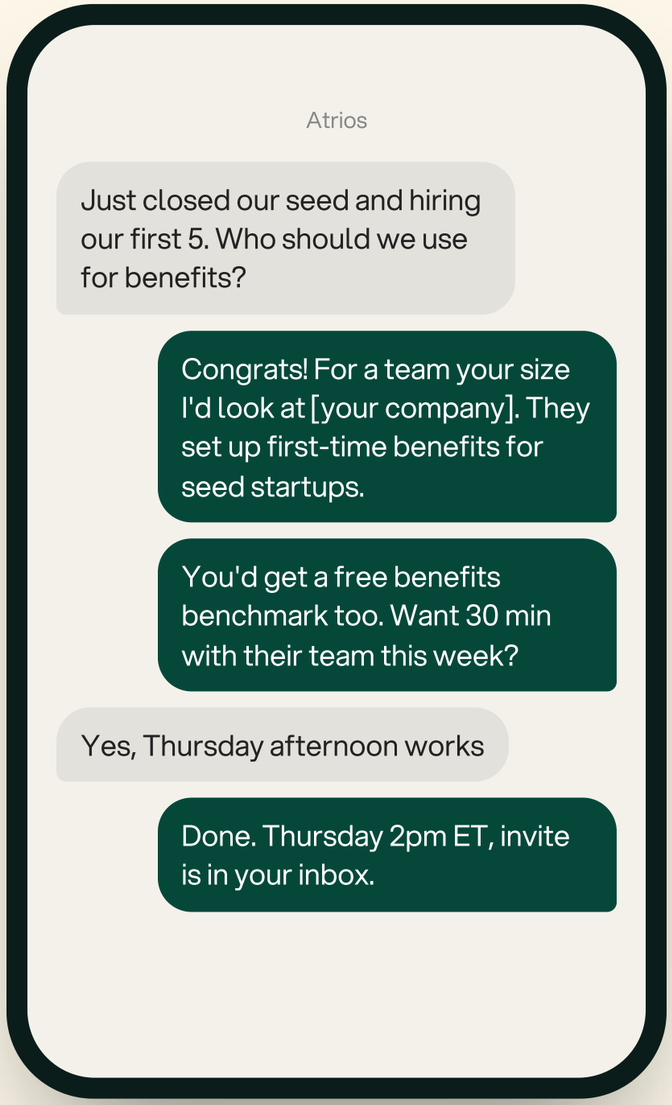

Community and events

Founder perks pages, communities and quarterly NYC events with buyers in the room.

WHAT IT LOOKS LIKE

A founder asks. You're the answer.

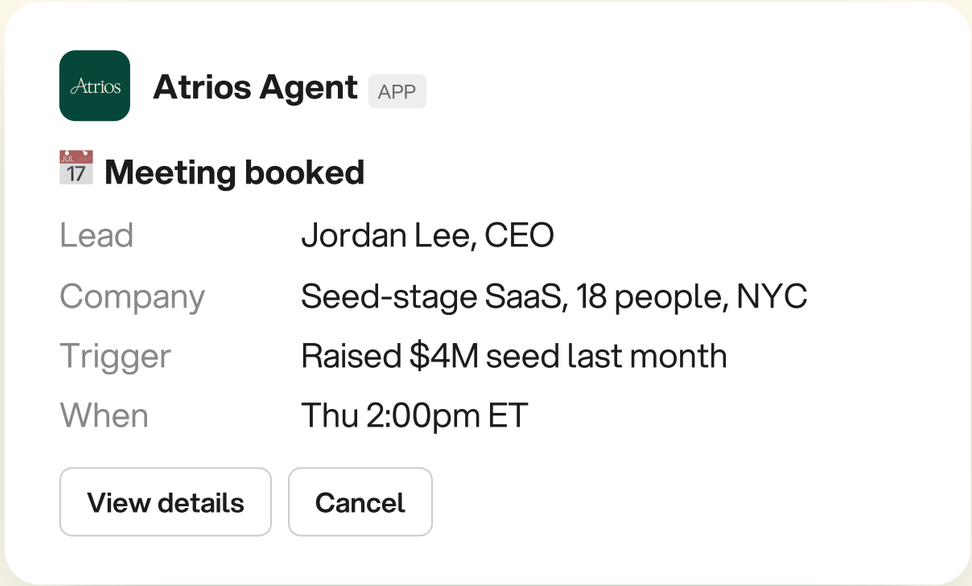

Our agent explains why you fit, shares your perk, and books the meeting on your AE's calendar.

YOU STAY IN CONTROL

Only buyers who fit. On your terms.

- You set your price, criteria and perk
- Every lead is screened before booking
- Cancel any meeting for free before it happens
- 24 hours to dispute after the call

INCLUDED ALL YEAR

Your go-to-market partner, not a lead list.

01 **Recommended by our agent**
By name, to every founder who fits

02 **Trained on your buying triggers**
Recommended at the right moment

03 **3,000+ tastemakers**
Sharing you with their founders
