Atrios

Be the tool founders hear about from people they trust.

Atrios for vendors

WHAT CHANGED

Founders stopped answering cold outreach. Now they ask.

They ask investors, group chats and AI.

THE NEW GAME

The winners get recommended. Everyone else gets ignored.

OLD WAY	NEW WAY
Cold email and LinkedIn sequences	A trusted recommendation
Paid ads to people who aren't buying yet	At the moment they need you
SDRs guessing at timing	A meeting already on your calendar

WHAT ATRIOS MAKES POSSIBLE

The week a founder raises, hires or renews, your name is the one they hear, and the meeting is already booked.
